ARENA ENVIROBIN STACKING RECYCLING BIN

95L

FEATURES

- Stackable for storage when not in use, Arena Envirobin Stacking Recycling Bins are ideal for exhibition centres, function rooms, event locations, and conference spaces.
- Lightweight, durable, and equipped with WRAP compliant colour-coded lids, these practical recycling receptacles have a generous load capacity of 95-litres, and they come with the recycling sticker of your choice.

SPECIFICATIONS

- Made from 100% recycled plastic.
- Lightweight, stackable design with each bin weighing less than 7kg.
- The D-shaped design allows placement next to walls or back-to-back assembly.
