TECHNICAL SPECIFICATIONS

GALVANISED TRASH CAN

90L

FEATURES

- A popular choice for family gardens, agricultural environments, nurseries, and retail outlets, these traditional dustbins feature side carry handles, a removable lid, and they have a generous total capacity of 90-litres.
- You can use them with all standard bin liners, and as they are rust, UV, and frost resistant, you can use them both indoors and out.
- Use this galvanised trash can to collect recyclables and general waste or to store dry goods, grains, and pet food.

Specifications

- Made from weather-resistant galvanised steel.
- Classic vintage dustbin design.
- Lift off lid with handle.
- Side carry handles.
- Available in 5 colours.
