Capacity

Dual compartment unit

Split between 2 x 14L compartments

TECHNICAL SPECIFICATIONS

JOSEPH JOSEPH RECYCLING CADDY

28L

FEATURES

- Dual compartment recyclers comprise either 2 x 7 litre or 2 x 14-litre compartments for the collection of different streams in the kitchen.
- Fitted with a double opening lid which handily converts into a carry handle for when the receptacle needs to be emptied, a compact unit that would fit perfectly into a kitchen cupboard.

SPECIFICATIONS

- Dual compartments for easy separation.
- Lids hide unsightly waste.
- Lift lids to create a convenient carry handle.
- Easy to empty each side independently.
- Ideal for glass, paper, metal and plastic.
