SMILEY FACE RECYCLING BIN

41, 52, & 62L

FEATURES

- The interchangeable recycling lids, complete with welcoming smiley faces, attract younger children, and as a result, they learn the importance of recycling at an early age. Each bin includes a recycling sticker to complement the aperture, and there are six different waste streams available.

SPECIFICATIONS

- Durable polyethylene construction.
- Made from 100% recycled materials.
- Lightweight and portable.
- Both bases and lids stack for storage when not in use.
- Supplied with WRAP compliant, colour-coded, interchangeable recycling lids.
- Includes recycling sticker to match the aperture.
