TECHNICAL SPECIFICATIONS

TUBESAC MINI CONTINUOUS WASTE COLLECTOR

60/110m

FEATURES

- With the same continuous bag system as the Mini, the TubeSac Midi is a smaller version offering an even more versatile solution to waste collection.
- The stand is height adjustable so can be used under desks or benches and with a tiltable frame it can easily be placed in any environment and be easy to access.
- The TubeSac is available in both Stainless Steel and Powder Coated and includes one pack of liners.

SPECIFICATIONS

- Hygienic, easy to clean stand.
- Use only as much liner as you need.
- Height-adjustable stand.
- Tilttable crane.
- Wheeled base for easy moving.
- "Endless" bag system.
