TECHNICAL SPECIFICATIONS

ZEROMAX FOOD WASTE CADDY

25L

FEATURES

- The ZeroMax 25 Litre is specially designed with a spherical base to simplify emptying and cleaning the caddy.
- Made from recycled plastic and designed to allow for the caddy to be used without a need for bags.
- The ZeroMax makes collecting organic waste convenient and practical whilst minimising the use of microplastics.

SPECIFICATIONS

- Spherical base for easier emptying and cleaning
- Optional odour filter to minimise unpleasant odours
- Front comb receiver
- Optional reflector with integrated RFID system
- Tubular carrying handle
- Made from recycled plastic
